

CELGENE CORPORATION

CORPORATE GOVERNANCE GUIDELINES

(As Amended by the Board of Directors on December 17, 2015)

The Board of Directors (the “Board”) of Celgene Corporation (the “Company”) has developed and adopted a set of corporate governance principles to provide the framework for the governance of the Company and to assist the Board in the exercise of its responsibilities. These guidelines reflect the Board’s commitment to monitoring the effectiveness of policy and decision making both at the Board and management level, with a view to enhancing stockholder value over the long term. These guidelines are in addition to, and are not intended to change or interpret, any federal or state law or regulation, including the Delaware General Company Law, or the Company’s Certificate of Incorporation or Bylaws. The Board may amend these guidelines from time to time in its discretion and consistent with its duties and responsibilities to the Company and its stockholders. These guidelines shall be posted on the Company’s website.

I. ROLE OF THE BOARD

The Board is responsible for oversight of the business and affairs of the Company, its long-term strategy and objectives and its management of risks. In the discharge of its general oversight responsibilities, the Board will:

- Review, evaluate, and, where appropriate, approve the Company’s business strategies and long-term plans, and evaluate its performance against such plans;
- Review, evaluate and approve major corporate actions;
- Oversee management’s efforts to establish and maintain for the Company appropriate standards of legal and ethical conduct, including with respect to (i) the integrity of the Company’s accounting, financial reporting and finance processes and systems of internal control, and (ii) compliance with laws; and
- Select, evaluate and compensate the Company’s executive officers and oversee senior management succession planning.

II. BOARD COMPOSITION

A. Director Selection

The Nominating, Governance and Compliance Committee of the Board will consider, and make recommendations to the Board concerning, nominees for election (including those intended to fill vacancies on the Board that may occur between annual meetings of stockholders) and re-election to the Board.

B. Director Qualifications

1. Independence. In conformity with the requirements of NASDAQ, at least a majority of the members of the Board directors will be independent, as that term is defined by NASDAQ. The Board will affirmatively determine in accordance with NASDAQ requirements that each director designated as independent has no material relationships to the Company that may interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

2. Other Criteria. The Nominating, Governance and Compliance Committee shall periodically assess the Board's composition with a view to identifying the qualifications to be sought in new director candidates. The Nominating, Governance and Compliance Committee shall identify and evaluate candidates for the Board who it believes possess such qualifications. In assessing the qualifications of a director candidate or incumbent director, the Nominating, Governance and Compliance Committee shall consider: (i) the Company's needs with respect to the particular competencies and experience of the members of the Board; (ii) the knowledge, skills and background of director nominees, including experience in relevant functional areas, in light of prevailing business conditions and the knowledge, skills, background and experience already possessed by other members of the Board; (iii) the familiarity of director nominees with the Company's business and businesses similar or analogous to the Company's; (iv) the financial acumen and corporate governance experience of director nominees; and (v) the other commitments of director nominees, including full-time positions, service as a director of other public company boards of directors, and the extent to which such other commitments could materially interfere with his or her service as a director of the Company.

C. Size of the Board

The Nominating, Governance and Compliance Committee shall consider and make recommendations to the Board concerning the appropriate size and composition of the Board. The number of directors may change from time to time, depending upon the needs of the Board and the availability of qualified candidates.

D. Term Limits and Retirement Age

Directors are not subject to a term limit or mandatory retirement age; such limits would deprive the Board of the important contribution of directors who have developed, over a period of time, increasing insight into the Company and its operations. As an alternative to term limits,

the Board will, through the director candidate selection process described herein, strive to ensure that the composition of the Board reflects an appropriate diversity of viewpoints.

E. Former Officer's Board Membership

When an officer who is also a member of the Board resigns, retires or is otherwise terminated as an officer of the Company, he or she shall offer to resign from the Board. The Nominating, Governance and Compliance Committee will act to determine whether to accept the director's resignation and will submit that recommendation for prompt consideration by the Board, and the Board will act on the Committee's recommendation. The Nominating, Governance and Compliance Committee and the Board may consider any factors they deem relevant in deciding whether to accept the director's resignation.

F. Majority Voting Standard

Directors shall be elected annually. In accordance with the Company's By-laws, in an uncontested election, a nominee must receive more votes cast for than against his or her election or re-election in order to be elected or re-elected to the Board. The Board expects a director to tender his or her resignation if he or she fails to receive the required number of votes for re-election.

If an incumbent director fails to receive the required vote for re-election, then, within 90 days following certification of the stockholder vote, the Nominating, Governance and Compliance Committee will act to determine whether to accept the director's resignation and will submit that recommendation for prompt consideration by the Board, and the Board will act on the Committee's recommendation. The Nominating, Governance and Compliance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a director's resignation.

The Board's decision-making process and decision regarding whether to accept the director's resignation offer (or the reason(s) for rejecting the resignation offer, if applicable), shall be promptly disclosed to stockholders.

G. Conflicts of Interest

Directors must disclose to the rest of the members of the Board any actual or potential conflict of interest they may have with respect to a matter under consideration by the Board and, if appropriate, recuse themselves from board deliberations of the matter and refrain from voting on a matter on which they may have a conflict.

H. Service on Other Boards of Directors

Directors should not serve on more than six boards of publicly traded companies (excluding non-profits and subsidiaries) unless the Board determines that such service will not impair the ability of such director to effectively perform his or her obligations as a director of the Company.

III. BOARD OPERATIONS

A. Chair of the Board

The Board will decide whether, at any given point in time, the roles of the Chief Executive Officer and Chair of the Board will be separate or combined.

B. Independent Lead Director

3. Advance Distribution of Board Materials. To the extent practical and appropriate, meeting agendas and information that is important to the Board's understanding of the business to be conducted at a Board or committee meeting, shall be distributed in writing to the directors in advance of the meeting. D. Access to Management and Independent Advisors

Each director shall have full access to the executive officers of the Company and the Company's outside advisors and, in doing so, shall use his or her judgment to avoid unnecessary disruption to the business operations of the Company.

Legal counsel, outside accountants, compensation experts and other outside advisors may assist the Board in its consideration of matters. The Board and any Board committee has the right

to retain, at the Company's expense, outside financial, legal and other outside advisors of its choice with respect to any issues relating to its activities.

E. Director Education

The Board shall have an Executive Committee, an Audit Committee, a Management Compensation and Development Committee, and a Nominating, Governance and Compliance Committee. Each committee will perform its duties as assigned by the Board in compliance with the Company's By-laws, and shall have a charter that establishes the purposes, goals and responsibilities of the committees as well as the qualifications for committee membership. Committee charters will be posted on the Company's website. The Board may establish or maintain additional permanent or *ad hoc* committees from time to time as it deems appropriate.

B. Committee Membership

The members of the Audit Committee, Management Compensation and Development Committee and the Nominating, Governance and Compliance Committee shall be independent in accordance with the provisions of the NASDAQ listing requirements and any other applicable rules and regulations. Each committee will have a chair designated by the Board, or, if the Board does not do so, the members of each committee shall elect a chair by a vote of the majority of the full committee.

C. Committee Meetings, Agendas and Reports

The chair of each committee shall preside at each committee meeting and, in consultation with the other members of that committee and in a manner consistent with the committee's charter, shall set the frequency of committee meetings. The chair of each committee, in consultation with members of the committee and the Company's senior management, shall also set the agenda of items to be addressed at each meeting. To the extent practical and appropriate, the chair of each committee shall ensure that the agenda for each meeting is circulated to each committee member in advance of the meeting.
