

2015 Second Half Political Contributions Report

A Message from Rich Bagger, Chairman, Celgene PAC

March 2016

I am pleased to share Celgene's political contributions report for the second half of 2015, which includes a listing of candidates and political committees supported by the Celgene Corporation Political Action Committee (Celgene PAC) and Celgene Corporation during the period from July 1 through December 31 of 2015.

The Celgene PAC is a volunteer, nonpartisan, employee-run organization that provides opportunities for eligible employees to participate in the American political process. The Celgene PAC supports and contributes to candidates from both political parties who share our commitment to these core principles of access and innovation in health care:

- Expanding access to medicines through a competitive marketplace and a regulatory environment in which innovation can flourish
- Protecting the patient-physician relationship and ensuring patient access to innovative treatments
- Recognizing the important role of biopharmaceutical companies and their employees in the ecosystem of innovation in health care

During the second half of 2015 the Celgene PAC made contributions totaling \$74,100 to 71 candidates and \$15,500 to seven political committees from both political parties at the Federal and State level. Contributions from Celgene Corporation in states where corporate contributions are permitted totaled \$28,000 to 44 candidates from both political parties and \$7,000 to six political committees.

I hope you will take a few moments to review this report and see which candidates the Celgene PAC and Celgene Corporation supported in your state.

During the second half of 2015, the Celgene PAC continued its strong track record of support to candidates and committees of both parties that share our commitment to medical innovation and patient access in health care. This is a reflection of the continued support of Celgene PAC members throughout the company.

The Celgene PAC Board of Directors, which is comprised of Celgene employees, meets monthly to consider recommendations for PAC support and approve contributions to candidates and political committees. The Celgene PAC Board also reviews and approves political contributions made by Celgene Corporation in states and to entities where contributions with corporate funds are permitted.

It is more important than ever for us to positively and proactively engage elected officials to demonstrate the importance of biomedical innovation and patient access in health care. I am confident that together, we can have a positive impact on the environment for innovation and access on behalf of the patients we serve.

Thank you for your support,

Rich Bagger

Chairman, Celgene PAC

Celgene Corporation Political Action Committee Board of Directors

CHAIRMAN

Rich Bagger
